STATE ENGINEER'S OFFICE

Cheyenne

August 20, 1958

Mr. Wayne D. Criddle
State Engineer
Capitol Building
Salt Lake City, Utah

Dear Wayne:

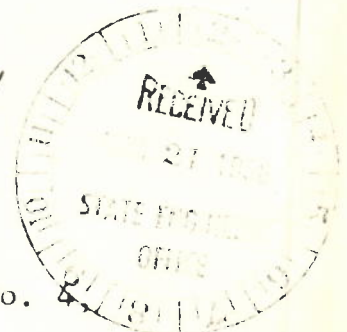

We are writing you in connection with the payment of the water commissioner on Burnt Fork and Birch Creek for the month of July.

As you will recall by our letter of March 31, 1958, we suggested that the most satisfactory way would probably be for this office to pay Louis Stoll for the months of May and June and then bill your office for the \$200.00 for his salary and expense during the month of July. Mr. Stoll was paid directly by us for May and June, in the total amount of \$400.00 and I would like to know whether we should send a bill direct to you or if your office can make payment directly to Mr. Stoll for the month of July, as covered by our agreement early this spring.

It is my understanding that this payment in Utah is collected directly from the water users and is paid into your office. If it is necessary, we can present a voucher to your office for that amount. Possibly you have already taken care of this by payment direct to Mr. Stoll.

Yours very truly,

Earl Lloyd

STATE ENGINEER'S OFFICE

Cheyenne

March 31, 1958

Mr. Wayne D. Criddle
State Engineer of Utah
Capitol Building
Salt Lake City, Utah

Dear Wayne:

Thank you for sending me a copy of the minutes of the Burnt Fork-Birch Creek Water Users' Meeting of March 17, 1958. I note that a copy was also sent to Mr. Emil C. Gradert, Fort Bridger, Wyoming.

I think that in the payment of the water commissioner, your suggestion that we bill your office directly for the \$200.00 at the end of July would perhaps be the most satisfactory and we can carry it for May and June. This will probably allow you more time to get your collections cleared.

I expect I will see you at the Bear River meeting on April 5th.

Yours very truly,

Earl Lloyd
